

Special Educational Needs Information Report

(In accordance with Children and Families Act (2014), Regulation 51, Part 3, section 69 - 3a)

This Special Educational Needs Information Report (incorporating the School's Local Offer) should be read in conjunction with the school's Policy for Special Educational Needs and Disabilities (SEND) which is available on the school website.

What kinds of special educational needs do we provide for?

Monksdown Primary School is a large mainstream primary school in Norris Green, North Liverpool. We are a large, three form entry primary school with 90 children in each year group from reception to Y6 and 30 places within our nursery provision. We believe that every teacher is a teacher of every child or young person, including those SEND. Good practice for pupils with special educational needs is good practice for all.

Definition of Special Educational Needs and Disabilities.

A child or young person has SEND if they have a learning difficulty or disability which calls for special educational provision to be made for him or her.

These needs can be categorised in four key areas that may create barriers to learning:

- Communication and interaction;
- Cognition and learning;
- Social, emotional and mental health difficulties;
- Sensory and/or physical needs.

A student has a learning difficulty or disability if he or she:

has a significantly greater difficulty in learning than the majority of students of the same age;

has a disability, which prevents or hinders the child from making use of facilities of a kind generally provided for others of the same age in mainstream schools.

Who is the SENDco and how can parents contact them?

The school's SENDco is Mrs M White and the school's Associate SENDco with a focus on Early Years is Mrs C. Perkins. They can be contacted by email on:

SENDco@monksdownprimary.co.uk.

Alternatively, an appointment to see the SENDco can be made via the school office by telephoning: 0151 226 1606.

Mrs. White is an experienced SENDco with 35 years' experience and a Master's Degree in SEND. (prior to 2009)

Mrs. Perkins completed the National Award for SEND in June 2018

Head teacher, Mrs. Price is also an experienced SENDco.

How do we identify a child with Special Educational Needs or Disabilities (SEND) and how do we assess their needs?

The identification of SEN is built into the overall approach to monitoring the progress and development of all pupils through the school's Policy on Teaching and Learning. It is really important that the school identifies pupils who experience difficulties accessing learning and general school life opportunities early. This is achieved through continual use of classroom observations and ongoing teacher assessments of all pupils. Progress is tracked on a termly basis using the Insight (From Sept 26) and daily through formative assessment.

The SENDco liaises closely with the Senior Leadership Team in pupil progress meetings to analyse data and identify pupils who are working below age related expectations. Class teachers discuss any concerns with the SENDco and Head teacher. If further action is deemed necessary, then parents are informed immediately.

In most cases, pupils are only identified as SEND *if they do not make adequate progress* once they have been given high quality first teaching and access to adaptations and intervention through reasonable adjustments. Triggers for identification of a Special Educational Need could be:

- Little or no progress made when teaching approaches/learning styles are particularly targeted to improve the child's identified area of need;
- Working continues at levels significantly below those expected for a child of a similar age in certain areas of the Early Years Foundation Stage or in English and mathematics skills resulting in poor attainment in some curriculum areas;
- Communication or interaction difficulties which create barriers to learning and specific interventions are needed;
- Social, emotional or mental health problems which are not improved by the techniques normally employed in the nurturing environment of the school;
- Sensory or physical problems which create barriers to progress despite the provision of personal aids or specialist equipment.

Once identified, as having a special educational need or disability, a child will be added to the SEND register by the SENDco so that 'additional and different' provision can be made for them. If a child does not require 'additional & different' provision even though they may have a diagnosis they will not be placed on the SEND register but on a monitoring list and will be discussed at pupil progress/pastoral meetings to ensure that they continue to progress.

Factors which are NOT SEN but may affect a child's progress and attainment are taken into consideration and adaptations are made accordingly. These may include: • A disability under the Equality Act 2010 - all reasonable adjustments will be made in order that they can access the full curriculum.

- Attendance and Punctuality
- Health and Welfare
- English as an Additional Language (EAL)
- Being in receipt of Pupil Premium Grant
- Being a Looked After Child
- Being a child of Serviceman/woman

Persistent disruptive or withdrawn behaviour does not necessarily mean that a young person has SEND. Any concerns over a pupil's behaviour will be investigated on the premise that the behaviour is an underlying response to a need. This may be a learning difficulty or another factor, as noted above. School staff will endeavour to recognise and quickly identify the reasons for the behaviour and take all reasonable steps to address the root cause.

The school may, with parental permission, seek the advice of external agencies such as: Together Trust Private Speech & Language or Occupational Therapy, Special Educational Needs Inclusion & Support Service (SENISS) or the Educational Psychologist. Additionally, some children may receive support from our National Health Service colleagues e.g. Speech and Language Therapy, Occupational Therapy, Child & Adolescent Mental Health Services etc.

How do we involve parents and consult with them about their child's education?

How do we help parents of children with Special Educational Needs or Disabilities?

The school's Policy for Special Educational Needs and Disability aims to develop partnerships with every parent and carer in the education of their child and to involve parents and pupils in the review process.

Parents and carers are valued and their contribution in terms of identification and support for pupils with SEN is fully recognised. Parents/carers with concerns about their child's learning should, in the first instance, contact the class teacher via the school office. The class teacher will put appropriate support in place and speak with the school SENDco if she feels any further support is needed. An appointment to speak with the Special Educational Needs Coordinator can also be made via the school office, as above. We also have newsletters which go out electronically weekly, two parents' evenings a year and one annual report which enables parents to give written feedback. Parents will be informed / invited by text message. Each year we ask parents to complete a questionnaire; the theme of the questionnaire changes each year. Feedback is analysed and acted upon where appropriate.

Learning letters go to parents at the start of each half term to inform them of what their child will be learning in class over the next few weeks.

Prospective parents are welcome to arrange to look around school and ask any questions. We also hold a parent's information event when children are given a place in Reception. This is also a chance to introduce 'key people' to parents who may be able to support them.

In addition, for children who are on the Special Educational Needs record and have an Individual Learning Plan (ILP), the ILPs are sent home termly and reviewed each half term. Parents are invited to discuss the ILP with the class teacher should they choose. Sometimes children achieve their targets before the ILP is reviewed; if this happens, a new target is set and a note is sent home to inform parents of the new target.

For children with long-term, complex needs, it may be appropriate to request a statutory assessment of their needs. This is a long and complicated process but school will guide parents through each step.

Children with a high level of Special Educational Need who have an EHCP, may require an individualised curriculum, and a Personalised Provision Plan (PPP) is written in conjunction with the parents, based on the advice within the EHCP.

Key school policies and other documents are available for all via the school's website and free copies of any policies are available at the school office upon request. These can be adapted e.g. enlarged print or in audio format if requested.

The school office manager, Head teacher and/or SENDco will help parents/carers to complete forms and paperwork when necessary and by signposting to agencies such as The Early Help team or the school nurse.

Information, advice and guidance for families of children with SEND is available via the SENDco and/or links on our website and parents/families who have additional needs are supported by members of the school staff. This may include reading documents,

supporting with understanding of official paperwork (whether from within school or from other agencies) and possibly, in more complex cases, a referral to IAS Team, as above. The school office manager will also support parents with online school applications if they do not have access to computers or the Internet at home.

When children join the school, we make a Home – School Agreement to help parents to understand the parameters and expectations in school. Additionally, we may use Individual Behaviour Plans for all children on school trips and within school for some children who have particular difficulties in regulating their behaviour.

If parents wish to become even more closely involved with school life, we have two places for parents to sit on our governing body and elections for these positions take place on a 4-yearly cycle. Parental surveys are also completed and actions taken in response to this.

How do we involve and consult with the children about their education?

All children are provided with the opportunity to be voted onto the School Council, Eco Council, Subject Leads, House Captains & Sports Captains, Play leader as well as hold other positions of responsibility, by their class or teachers. ALL children are eligible to serve on the School Council, regardless of special educational needs or disabilities and in recent years several such children have served the Council very well. Some pupils will have a Boxall Profile or a Goodman's Strengths & Difficulties questionnaire if it is felt they need additional support. School leaders carry out Pupil Interviews, which take two forms: The first is a general survey based on learning skills and how they access the learning environment; the second is subject-specific. These are carried out annually.

Children with SEND who have an Individual Learning Plan (ILP) or Personalised Provision Plan (PPP) are involved in discussions about their targets including how well they are progressing and what they need to do or need help with next. They do this whilst working 1:1 or in a small group with a teacher or teaching assistant and we always blame the target and/or the strategies, *not the child*, when a pupil is struggling to achieve a target and make adjustments accordingly.

How do we assess and review the progress that children make and how do we involve them and their parents?

Assessment for all children is a continual process and takes many forms, as laid out in the school's Policy on Teaching and Learning. For many children with SEND, the teacher's assessment of need is sufficient to decide what is needed on a 1:1 basis through an ILP. It is the responsibility of the Head teacher, through the class teachers, to monitor the support and provision for pupils with SEND in their care. This work is co-ordinated by the school's SENDco. Throughout the school, children's progress in Maths and English is formally assessed by teachers every term. All of this information is monitored and evaluated to ensure that provision for all children is matched to their needs.

All ILPs have SMART (Specific, Measurable, Achievable, Realistic, Timed) targets which are monitored weekly (on a 'can they do it?' basis) by the teaching assistant, backed up by the class teacher. The child is also encouraged to self-evaluate against their targets on a weekly basis with the teaching assistant and/or teacher. New targets are set as soon as each target is met. ILPs are formally reviewed and evaluated at least x3 times per year by the class teacher and/or SENDco, informed by the weekly monitoring; this may involve the repetition of a specialist assessment, as above. A copy of a child's ILP/PPP is sent home, along with a copy of the previous, evaluated ILP and parents are invited to discuss this with the class teacher, contributing to the evaluation / target setting if they wish. This is so that they can support their child in achieving their targets through activities in the home.

For children with an Education, Health and Care Plan, an annual review (6 monthly for under 5s) will be carried out by the school in conjunction with the Local Authority. Parents and external agencies are strongly encouraged to attend. Reviews in the autumn of Y6 are used to begin to establish the parent's choice of high school in order to assess the arrangements prior to the transfer. Pupil Progress Meetings are held each half term between each class teacher and the Senior Leadership Team. In these meetings, a discussion takes place concerning children who are not making expected progress and possible actions are discussed.

How do we support our pupils with SEND as they move on to high school or move to another school?

To support all the Year 6 children with their transition to high school, a member of staff from each of the receiving secondary schools may request to visit the setting and meet with their class teacher. All children are invited to attend open days at their new school in the summer term. The SENDco also attends transition day with secondary SENDco where the needs of pupils are discussed and relevant information shared.

Additional visits to their new school will be arranged for pupils with SEND, supported by school staff if necessary. These usually take place in the summer term; the number of additional visits will depend on the needs of the child. The SENDCOs of the two schools will make sure all relevant inclusion information is transferred to ensure a smooth transition. This may be at a meeting and parents may be invited if requested. For children with an Education, Health and Care Plan, a more formal Transition Meeting involving all parties may be arranged to plan the transition process.

When children with SEND move to another primary school, the SENDco will contact the SENDco of the receiving school to ensure all relevant information is shared. Parents planning such a move for their child, especially if their needs are more complex, are encouraged to give as much notice as possible to school so that all necessary arrangements can be put in place prior to the move.

What is our approach to teaching pupils with SEND?

In accordance with the SEND Code of Practice, 2015, the school do everything they can to meet children and young people's SEND. Pupils have access to additional provision on an evidenced-needs basis and we will endeavour to ensure all pupils' needs are fully met. This is embedded within the Graduated Approach section of the school's Policy for SEND which aims to provide full access to the National Curriculum and to encourage success and participation for all pupils, whatever their level of ability.

The key principles of this approach are:

- All class teachers are responsible and accountable for the progress and development of the pupils in their class, including where pupils access support from teaching assistants or specialist staff. All children are included in all lessons through an ethos of High Quality First Teaching which is adapted to respond to their strengths and needs, as set out in the Teachers' Standards (2012);
- High quality teaching, adapted for individual pupils, is the first step in responding to pupils who have or may have SEND. However, despite this, some children need additional help to make progress in their learning;
- Additional intervention and support cannot compensate for a lack of good quality teaching;
- Pupils are only identified as SEND if they do not make adequate progress once they have been given good quality personalised teaching, access to adaptations

- and intervention;
- Pupils who join school (either from an Early Years setting or another Primary School) with an already identified SEND will be catered for in the same way as those identified by this school;
- When planning work for children with Special Educational Needs and Disabilities, teachers give due regard to information and targets contained in the children's Personalised Provision Plans (PPPs), Individual Learning Plans (ILPs) and or Pupil Profile. Additionally, teachers modify teaching and learning as appropriate for children with disabilities.

For all children with Special Educational Needs, the class teacher, SENDco and Teaching Assistants will liaise closely and make special arrangements in the class. This may involve grouping, a special programme of work, modified tasks, different seating arrangements or extra adult attention.

For children who have support from external agencies, provision involves the expertise of the relevant external professionals. Any advice (written or verbal) will be included in the pupil's Personalised Provision Plan or ILP. There may be some direct input and advice from a specialist teacher from within the LA such as the Special Educational Needs Inclusion & Support Service (SENISS) or from other agencies such as, the LA Educational Psychology Service, Speech and Language Therapy etc.

Where a child has an Education, Health and Care Plan, the provision and approach to teaching this child is laid out in their Plan and delivered via a Personalised Provision Plan. We have many teaching assistants working across the 17 classes in school. As well as the Nursery & Nurture provision that we offer. This enables additional TA support across all year groups, with some additional support to be deployed where and when the need arises including in-class support, the one-to-one delivery of Individual Education Plans (ILPs) and small group interventions such as speech therapy.

How do we adapt the curriculum and learning environment for children with SEND?

The school will provide a range of adaptive equipment from its own budget. There are a variety of different height tables and chairs throughout the school. Where required, cushions / supports will be provided, with specialist furniture and/or access equipment purchased, depending on the needs of the individual child. For more complex and expensive items, an Access and/or ICT Assessment will be requested and then the school will apply to the Local Authority for funding to purchase the recommended equipment. Parental consent is required for this.

We endeavour to teach in a multi-sensory manner to appeal to all types of learners. Some children's needs can be met through adapted work, classroom adaptations and/or targeted support in class. Examples may include: Focus Group with Class Teacher or TA, classroom positioning, organisations aids (task ladder, visual timetables etc), large print documents, coloured dry-wipe boards, coloured backgrounds to interactive whiteboards, specially adapted work books, coloured overlays and/or paper, pencil grip aid and many more. We already have a very good bank of resources to assist children with additional needs and are constantly evaluating and updating this to meet the needs of the children we have in school.

Other children may access targeted and time-limited small group interventions (usually in withdrawal for limited periods) e.g. Fine and/or Gross Motor Skills, Social Skills or bespoke small group curriculum interventions. A very small minority of children will require a fully bespoke curriculum. This will depend on the needs of the child but could include having learning 'chunked' into bite-sized pieces where the range or depth of learning is adjusted to suit the child and delivered through a Personalised Provision Plan (PPP).

We have a range of ICT programmes for pupils with SEN (e.g. Nessesy, Clicker 7, Widget Padlet). Every classroom has access to laptops with headphones, there are interactive boards in all classrooms and a full-class set of iPads are available for use throughout school. Access arrangements for National Curriculum tests are in line with DfE guidelines which are issued each year. i.e. When children meet the prescribed criteria for extra time, rest breaks, a reader (for maths), a scribe, enlarged print or 'live voice' for mental maths tests etc.

What else do we do to make the school safe and accessible?

The school has its own gated car parks. Under normal circumstances, this is for use by staff and visitors only, but it does have disabled parking bays in the carpark closest to the main Reception area, which is made available to parents if their vehicle carries a blue badge. Access from the car park to the entrance lobby is via tarmac pathway. The front area of the school is accessible by wheelchair via a lift. Access can be gained upstairs in KS2 via two lifts. Accessible toilet facilities are available off the main hall in KS2 & Off the main corridor outside Year 2 classes in KS1.

All KS1 & LKS2 children are supervised as they leave school to ensure safe handover. Year 6 children are allowed to make their own way home or to a pre-arranged off-site collection point providing this intention is made clear to school (by parental consent in the form of a letter) and that they return straight away if the person collecting them is not present. For children with SEND, specific collection/handover arrangements may be made (e.g. wheelchair users or if there is a risk of a child running away).

There is sufficient Teaching Assistant cover within the school to enable extra support at playtimes and lunch times if necessary to support children with Special Educational Needs and Disabilities. Teaching Assistants are also employed to help with the handover process at the start and end of the day.

How are staff trained and kept up to date? If we need more expert help and advice, what do we do?

The Head teacher Mrs Price is chair of the SEND consortia/PSSP (Alt Valley 2) which is attended by SENDco's in our local area. The consortia have a budget to identify similar needs and this has been used to benefit school; for example joint commissioning of extra Counselling in response to the Covid Pandemic. The SENDco attends termly cluster meetings and passes updates on SEND to other staff, as appropriate. Many of our current Teaching Assistants and some teachers have been trained in to support children with a range of Special Educational Needs, in areas such as:

- Precision Teaching Methods
- Working Memory Interventions
- Supporting Children with Challenging behaviour
- Speech & Language Interventions
- Dyslexia support
- Subject specific support programmes
- Supporting Children with ASD /ADHD

We are an inclusive school that holds a child's emotional health & well-being as a priority. The class teacher has overall responsibility for the pastoral, medical and social care of every child in their class. The school currently has a Nurture provision where referrals are made by class teachers based on pupils needs and a decision about a place is given at panel led by SLT. The panel considers the balance and needs of children in the group and therefore sometimes children are not given a place. Class teachers are always given

advice and next steps if that is the case. Nurture staff also help children in class as part of a child's resettlement process.

Our school currently has a Family Learning Mentor. Our mentor has responsibility for attendance support, breakfast club provision and health & well-being support. They will sometimes work with small groups of children for targeted support e.g. Ginger Bear, Socially Speaking, Zones of Regulation, Health & Hygiene & friendship groups & Voice of the Child activities.

Miss O Toole is our Neurodiversity Champion.

Specific training is made available to staff to support the needs of a particular child(ren) if the expertise is not already in school. This may take the form of external course or, where appropriate, from the relevant outside specialist coming into school. We recognise that to effectively support, we need to have the skills and knowledge to understand the needs and issues that individual children face. Therefore, Continuing Professional Development (CPD) is offered to all staff. A record of CPD is kept in the office and the need for training is reviewed by the senior leadership team each year through the Performance Management systems for teachers. Initially, the school will endeavour to meet the needs of children with SEND from within its existing resources. However, if following several weeks of additional support, the child continues to experience difficulties, the school may, with parental permission, seek the advice of private external agencies such as SENISS, the educational psychology service or similar. Again, with parental permission, some children may be referred for support from our National Health Service colleagues e.g. Speech Therapy, Occupational Therapy, Child & Adolescent Mental Health Services etc. Any plans shared with the school by these agencies are carried out by staff within the school in liaison with the appropriate agency.

How do we know if what we provide for the children is effective?

All SEND children with a barrier to learning have either: an Education, Health and Care Plan (EHCP) or an ILP. High needs children may have a Personalised Provision Plan (PPP); most other children with SEND will have an Individual Learning Plan (IEP). All of these are reviewed regularly, as laid out above.

The SENDco reports annually on the efficient and effective use of resources for pupils identified as having SEND. The monitoring and evaluation of progress of pupils with SEND is detailed in the Graduated Approach section of the Policy for SEND. For pupils with an Education, Health and Care Plan, annual reviews (6 monthly for under 5s) are carried out in accordance with the appropriate legislation and the SEND Code of Practice; The SENDco collects and analyses tracking data for all pupils on the SEND register and uses this, in conjunction with information gathered from other sources (SEND learning walks, professional dialogue, discussions with pupils and parents etc) to make a judgement on effectiveness. Children with SEND are expected to make at least the same progress as their peers because of the additional provision they receive. If this is the case, provision is judged to be effective. The SENDco meets with the SEN Governor once per term and they jointly produce a report on the quality and effectiveness of SEND provision. Any additional provision for all children (whether or not they have SEND) is carefully recorded ('mapped') by the Senior Leadership Team and/or SENDco. The cost of all such provision is calculated based on the pro-rata cost of the allocated time for the member of staff delivering the provision (for internally sourced provision) or on actual billed costs (for external providers or specialist resources purchased). Concurrently, the progress of all children who are receiving additional provision is carefully tracked. This information is then scrutinised by the Senior Leadership Team and/or SENDco to ensure that the effectiveness and efficiency of provision is maximised.

How are children with SEND enabled to take part in all the activities available in school?

Children with Special Educational Needs and Disabilities are welcomed and actively encouraged to go on all trips (including residential) and to attend all clubs. Where appropriate, parents will be consulted from the planning stage and all reasonable adaptations and adjustments made to ensure that children with SEND can safely access and enjoy the social and skills development that such activities bring. The adaptations will usually be the result of the risk assessment and may include additional staffing (1:1 support if necessary), extra time allowances, amendments to the activity (e.g. through use of different equipment) etc.

All activities within and outside school are covered by a risk assessment. These are carried out by class teacher's and approved by the Premises Manager (Head teacher) and/or the Liverpool City Council. Additional risk assessments are carried out for specific children with advice from appropriate agencies, depending on their needs. For example, for a child with a physical difficulty (PD) or Health Care need, this may include advice and/or an environmental audit from Occupational Therapy, Physiotherapy, School Nurse or a specialist teacher for children with PD. Risk assessments for school trips are also monitored by the Governing Body and Liverpool City Council.

The school has a before school breakfast club which starts at 8am as well as a variety of school clubs that are provided during lunchtimes or after school. We aim for these to be as inclusive as possible and may provide additional staff or sessions in order to achieve this. Some children find the lunchtime period challenging. Depending upon their needs, it might not be appropriate for them to eat in the dining hall with a large number of children or spend long periods of time outside. Each child's needs will be considered on an individual basis.

There is a huge range of after school (and some lunch-time) clubs at Monksdown Primary School throughout the year, varying on a termly basis. We are able to heavily subsidise these to encourage participation.

Many of these clubs are provided by School staff, but a number of trusted outside providers are also used.

How do we support children with medical difficulties or emotional and social difficulties? How do we deal with bullying and make sure children with SEND can tell us if they are having a problem?

Medical

The school has a variety of policies which cover health and wellbeing issues e.g. Medicines in School Policy, Accident / Incident Report Procedures Policy, Allergies Policy etc. The school's Equality Policy is available for free on the website and via the school office on request.

Some medication, such as asthma inhalers are kept in the teacher's cupboard in the appropriate classroom. All other medication is kept in a locked cupboard in the office or in the staff-room fridge if necessary. All medicine is recorded in a medicine book along with details of dosage and frequency; parents sign to grant authorisation to the school to administer to their child. Full records are kept in accordance with the appropriate policy. For individual children with specific needs, Health Care Plans are written at a meeting between a member of the school's staff, the child's parents, the child (when appropriate) and the School Nurse or appropriate nurse e.g. diabetic nurse. School staff know which children have Health Care Plans and who is trained to deal with them. Any new adults coming into school go through a short induction in accordance with the school's Induction Policy to ensure they are made aware of any particular needs. Additionally, there is a

photo-card for children with medical needs in each classroom with copies at the front of each classes SEND file; this gives a brief outline of their difficulty and signposts the reader to more detailed information which is held securely in the office.

Many staff within school have had Paediatric First Aid training which is updated on a 3 yearly cycle. Additionally, staff receive training to deal with specific difficulties, when the need arises e.g. how to support a diabetic child, a child with Cystic Fibrosis or the use of EpiPens. Where a child's health care needs may impact on their ability to access an educational trip or activity, additional advice is sought from parents and/or health care professionals, as appropriate. The school deals with medical issues through a graduated response. Minor issues are dealt with by trained school staff but we would always err on the side of caution if it was felt that an illness, injury or medical attack was more serious and contact the emergency services. The school will always try to contact parents/carers in these instances so it is really important that the office has up to date contact details including home and mobile telephone numbers.

Emotional and Social

Monksdown Primary School aims to provide a safe, nurturing environment in which all pupils achieve their full potential and have the skills and confidence to meet the challenges of the future. To support pupils and their families, the school liaises with all relevant specialist agencies such as the family and medical centres, CAMHS, paediatricians, speech and language therapists, occupational therapists, school nurse etc. The school employs a counsellor from Beautiful New Beginnings to support pupils with mental health and wellbeing. Pupils can be referred by class teachers, following conversations with pupils/ parents or observations in school.

In some cases, school or one of the other agencies may complete a EHAT (Early Help Assessment Tool) form with parents if support is needed from multiple agencies outside of school. This is an assessment and planning tool which is used to gather information about children and families in one place to help the family to decide what type of support is needed. It may be used to address an unmet educational need (as above) or an emotional or social need.

Sometimes, a EHAT or Team Around the Family (TAF) meeting is called to continue the system of support for the family. These are usually held in school and parents will always be involved in the process and permission must be sought from families before starting the process.

Bullying and Child Protection

All children are taught about bullying, friendships and staying safe through a combination of age-appropriate PSHE (Personal, Social, Health Education) lessons and daily whole school assemblies. Anti-bullying day is observed and we have play leaders on the playgrounds. Children with specific difficulties may be teamed up with a buddy or buddies to ensure their inclusion, safety and well-being on the playground. Additionally, all staff are made aware of vulnerable children and, if appropriate, a key worker may be allocated to a specific child. The playgrounds are split into zones therefore sometimes children may be encouraged to play in different zones if they are struggling to get along. Staff will always help to 'sort out' any disagreements and carry out restorative practice using difficulties as teachable moments.

Online safety is taught in an age appropriate manner throughout the school, recognising the potential dangers and issues on the Internet. Pupils' views on safety, bullying and attitudes to risk are sought through informal chats as well as the PSHE & IT curriculum.

Any bullying incident is dealt with in accordance with the school's anti-bullying policy, which is available on the website and from the office on request. Incidents of bullying are extremely rare but are taken seriously and appropriate support / sanctions carried out. In accordance with legislation, the school has a Designated Safeguarding Lead (DSL) and a deputy DSL to deal with issues related to Child Protection and Safeguarding. As we are a large school we have three staff who are DSL trained. (Mrs Stewart Deputy Head teacher, Mrs Price Head teacher, Mrs Russell, Assistant Head teacher). All staff receive regular Child Protection awareness training.

What arrangements do we make for supporting children with SEND who are in the care of the Local Authority?

The school has a nominated member of staff for Children Looked After. This is Ms Penny. They liaise with the SENDco to contribute to the child's Personal Education Plan (PEP). Where a Child Looked After has an EHCP, whenever practicable, the PEP is reviewed along with the EHCP.

What should I do if I have a concern or complaint about the provision for my child?

In order to deal with your concern or complaint in the quickest and more straightforward way, we ask that you take a graduated approach:

- a) Firstly, contact their class teacher via the school office;
- b) Secondly, if you have concerns which cannot be addressed by the class teacher, then please contact the Head teacher via the school office and/or SENDco
- c) Finally, reference should be made to the school's Complaints Policy should further action be deemed necessary. We aim to deal with any complaints at the earliest opportunity but within 20 days at the latest (In accordance with the Complaints Policy).

Where can I find information about the Authority's Local Offer?

<https://liverpool.gov.uk/children-and-families/special-educational-needs-and-disabilities/>

This website also contains a vast amount of information on SEND related matters including an extensive list of support agencies which may be useful to parents and carers. If you do not have access to the Internet, please ask for assistance at the school office on: **0151 226 1606**

Appendix 1
List of personnel involved in SEND issues

NAME	POSITION
Mrs J Price	Head teacher
Mrs M White	SENDco
Mrs C. Perkins	Associate SENDco - EYFS
Mr M Reynolds / Mrs S. Chapman	Chair of Governors / SEN Governor
Mrs G Stewart	Deputy Head/ Assessment Co-ordinator
Mrs M White	Managing Medical Needs Responsibility
Mrs Stewart, Mrs Price, Mrs Russell	Designated Teacher with Specific Safeguarding Responsibility
Ms Penny	Managing Pupil Premium Grant / Children Looked After funding Responsibility
