

Click [here](#) for a book extract of *Kid Normal*.

Here is a [short video](#) of the authors, Gregg James and Chris Smith, talking about the premise of the book.

[Watch and listen](#) to the authors read an extract from the story where Murph has just realised that things may not be as they first seemed.

Geography

Identify where in the World your superhero operates.

Your superhero may operate locally (around Liverpool), nationally (around the UK) or Worldwide.

Using a map, colour code where your superhero operates.

Art

Create a piece of art work for your superhero showing what they look like when they are a superhero.

Writing

Write a character description for a made up superhero.

You will need to consider:

- Names (as a regular person and a superhero)
- What they do (as a regular person and a superhero)
- Super power (be creative—don't just settle for flying/invisibility/laser sight etc.)
- Appearance (as a regular person and a superhero)
- Who they are when they are not acting as a super hero.

DT

- Use junk modelling to create a model of your superhero.
- Make a superhero outfit for a doll that you have in your house.

Music

Using the music by John Williams that we have listened to recently, create a theme tune for your superhero.

You could use Garageband on an iPad or the free software on [this website](#).

Maths

Can you defeat all of the superheroes to become the times tables champion? Click [here](#) to access your challenge.
